Actions to stop doing:

- We have no actions that we feel we need to stop doing at this time. We are satisfied with our progress and believe we are on track.

Actions to start doing:

- We need to start having more tasks per user story for the remaining sprints. We did not realize that it is ideal to have each team member assigned to one or more tasks per user story

Actions to keep doing:

- Using Trello effectively and assigning specific tasks to people. We should keep completing tasks on time and communicating what we are working on and when.

Work completed/ not completed:
